DETENTION-DIAGNOSTIC, ORIENTATION, AND EDUCATION (D.D.O.E.)

MISSION STATEMENT

The mission of the Detention-Diagnostic, Orientation and Education Program is to allow new residents the opportunity to acclimate themselves to a detention setting in a non-threatening and constructive manner. The D.D.O.E. Program will also allow the professional staff members the opportunity to properly assess the overall needs of each resident so they may be cared for properly. Finally, it will allow a short term period in which the resident can learn appreciation for the rewards of positive behavior while experiencing the consequences for negative behavior.

Purpose

To provide residents with a short term orientation and education process under secure and safe conditions.

Philosophy

This program is designed to allow the ACJC staff the opportunity to properly assess the psychological, behavioral, physical, and mental needs of the resident. The program also allows the ACJC staff the time to evaluate the resident's emotional condition during their stay in detention. The program is designed to reinforce the consequences of negative behavior and the potential rewards for positive behavior.

Procedure

Each resident will be informed of the Detention-Diagnostic, Orientation, and Education (D.D.O.E.) Program when they first arrive at ACJC. Upon completion of the intake process, the resident will enter isolation and begin the program. Please note that the program does not begin until 6:00 a.m. the day after the resident arrives at the ACJC.

The D.D.O.E. Program utilizes points to reward positive behavior. Each resident must accumulate 90 points in order to be eligible to move to general population. After the juvenile has earned 90 points, he/she will be evaluated by the shift leader. The shift leader will evaluate each resident and determine if the resident is able to move to general population. The resident will begin 1st shift (6:00 a.m. – 2:00 p.m.) and 2nd shift (2:00 p.m. – 10:00 p.m.) with a maximum of 15 points per shift. Points may not be earned on 3rd shift (10:00 p.m. – 6:00 a.m.) but may be taken from a resident if that resident's behavior is negative during that shift. Once a resident earns a total of 90 points, he/she may be released from the D.D.O.E. Program and enter the population. At this time, he/she will be allowed the same privileges that other residents in the general population are allowed.

Residents on the D.D.O.E Program must adhere to the Resident Rules and Regulations at all times. Not following the Resident Rules and Regulations and/or

any form of negative behavior can result in the resident losing points, being placed on lockdown status, and/or losing ALL accumulated points up to the time of the infraction. In the latter case, the resident would begin the D.D.O.E. Program from the beginning. Severe or continued negative behavior is not eligible to earn points and may result in the filing of new charges.

Privileges

Residents on the D.D.O.E. program have no privileges. Only basic rights and needs are met (i.e. personal hygiene, mail services, mandatory recreation, education, and educational reading materials). Residents are confined to their rooms and all meals are served on your assigned unit.

EDUCATION SERVICES

There are currently seven full-time Fort Wayne Community School staff members that comprise the educational staff at the Allen County Juvenile Center. The school day begins at 7:30 a.m. and ends at 2:35 p.m. The Allen County Juvenile Center school program follows the Fort Wayne Community Schools academic calendar.

All grades in progress are forwarded to the juvenile's home school upon their release from the Allen County Juvenile Center.
